The SASKATCHEWAN MOTOR CLUB

INCORPORATED

The Saskatchewan Motor Club was incorporated in 1930. It is administered by representatives elected at the annual meeting. There are no stockholders; all revenue is expended in the interest of members and in the improvement of general motoring conditions. The Saskatchewan Motor Club is the only Provincial Organization affiliated with the CAA (Canadian Automobile Association) and the AAA (American Automobile Association), with its several branches is an ally of the general organization of over 900 clubs in Canada and the United States.

MAINTAINED LEADERSHIP

For ten years the Club has maintained leadership in promoting the construction of good roads and highways; in advocating careful driving; in furthering the enactment of reasonable and effective laws and regulations governing traffic over highways and roads; and in opposing unfair legislative and taxation proposals. In its widest sense, the Club exerts its influence in the interest of motor vehicle owners, to the end, that they may receive the greatest benefit to be derived from such ownership.

MERITS SUPPORT

The Saskatchewan Motor Club merits the active support of every owner of a motor vehicle because the interest of each may be best served and best promoted by the maximum number of members possible. Every motorist owes it to himself to become an active and aggressive member of the Club, not only because of the Club's general activities but for the valuable personal service the Club is able to render and does render to every individual member.

WHY

The Saskatchewan Motor Club is the only organization of motorists in the Province of Saskatchewan that:

1. Operates on a non-profit basis, returning all revenue to its members in the form of service;
2. Works continually for road improvements;
3. Erects and maintains warning signs;
4. Continually represents motor owners at official conferences relative to traffic regulations;
5. In co-operation with Provincial and Municipal authorities, has no financial or ulterior motive in placing at the disposal of such authorities its experience and knowledge of traffic problems.
6. Actively participates in highway accident prevention work;
7. Co-operates with the American Automobile Association in facilitating international motor touring and, through its relationship with the United States Automobile Clubs generally, promotes tourist travel to Saskatchewan from the United States;
8. Is affiliated with the Canadian Automobile Association, the Royal Automobile Club of Great Britain, and through membership in the International Touring Alliance, is allied with the American Automobile Association and a world-wide chain of recognized automobile Clubs.
9. The Saskatchewan Motor Club is a Provincial-wide organization represented at all main centers.

SASKATCHEWAN

PROVINCIAL PARKS

THE GOVERNMENT OF SASKATCHEWAN has set aside large tracts of suitable land as permanent park reserves for the present and future use and enjoyment of the residents of the province and visiting tourists.

There are seven of these provincial parks well distributed over the southern half of the province and each has been chosen for its scenic appeal and recreational facilities.

GOOD SPIRIT LAKE

West of Yorkton—Hy. 10 from 3 miles east from Springside.

This park extends along the west shore of Good Spirit Lake, a fresh water body of 17 square miles with beautiful sandy beaches. Here there are excellent camp and picnic grounds with camp kitchen and bathing house. The waters of the lake are well stocked with pickerel, pike and perch.

GREEN WATER LAKE

North of Kelvington and south of Chelan Can. Nat. Rly. Green Water Lake adjoins Mareau Lake amid mixed stands of spruce and poplar. Most of it is virgin forest whose natural beauty and wild life have remained undisturbed for centuries. Fishing is exceptionally good. The sandy beaches and clear sparkling water provide ideal conditions for bathing, boating, and other recreation. Wild fowl is abundant and deer, moose, bear and smaller fur-bearing animals inhabit the adjoining woods. Hotel and cabin accommodation, dance hall, electrically lighted, store.

LITTLE MANITOU LAKE

Little Manitou Lake and summer resort may be reached over a good gravel road from the Town of Watrous, two miles. It is often designated "The Carlsbad of Canada." The park lies on the south side of the lake. A beautiful chateau built from field stone, a number of cabins, excellent sleeping accommodation, running water and electric light. The village, built along the beach, provides ample accommodation for visitors—post office, telephone, messenger service, delivery of ice, milk, water, vegetables, etc., dance hall, swimming pools with heated mineral water, baseball diamond, private bathing houses and other up-to-date facilities. The golf course is excellent.

CYPRESS HILLS

In the southwest, south of the Town of Maple Creek on the Can. Pac. Rly. Here there is a modest bungalow and log cabins. The auto camp is equipped with camp kitchens and running spring water. The main lodge has sixteen attractive and meticulously clean bedrooms up-to-date in every respect. There are a number of individual cabins, golf course and tennis courts. Wild life is plentiful in the forest and game preserve.

MOOSE MOUNTAIN

On Lake Kenosee, north of the town of Carlyle situated at the junction of the Canadian National and Canadian Pacific Railways. This summer resort extends for six miles around Lake Kenosee. There are excellent facilities for fishing—pike, pickerel and perch. The handsome stone-faced chalet on the north shore of the lake is built in the Elizabethan style where provision is made for the accommodation of a number of guests. Near the chalet are a number of individual summer cottages. The tourist may enjoy boating, swimming, dancing, hiking, berry picking, tennis and a golf course that ranks among the very best.

DUCK MOUNTAIN

Northeast of town of Kamsack on the Can. Nat. Rly. 16 miles, Hy. 57. The forest cover of this park consists of a mixed stand of spruce, poplar and white birch. Madge Lake, one of the most beautiful in the province has a shore-line of 47 miles. This densely wooded shore-line and sandy beaches provide splendid camp sites. It is a quiet family resort, not spoiled by over development and is becoming more popular every year. Wild life of all kinds is plentiful and the lake is well stocked with fish.

KATEPWE

Off No. 1 Hy., north of Qu'Appelle, on the main line of the Canadian Pac. Railway, close to Lebret on the Canadian Nat. Rly. Katepwe Provincial Park is in the midst of the lakes of the Qu'Appelle Valley. It is an ideal place for picnics and group meetings. Camp kitchens, sanitary arrangements and bath houses are provided. The sandy beach is clear of weeds and its gently shelving bottom makes it one of the safest beaches on the lake. Golf, boating and fishing are its principal attractions.

RATES

Rooms: $1.00 to $2.00; Cabins: $1.25 to $3.00; Meals: Reasonable rates.

GENERAL INFORMATION FOR TOURISTS

(Complete regulations may be secured upon request)

A Permanent Resident of the United States does not require a passport to enter Canada. Identification or naturalization papers, however, are useful.

Automobiles of Permanent Residents of the United States may be entered at any Canadian Port, for touring purposes only without payment of duty or fee, for a period of 48 or 60 days, which period may be extended to 6 months providing application is made to any Canadian Customs Office before expiry of the original permit.

The following articles of a Tourist's Outfit are admitted into Canada without deposit: Guns, rifles, fishing tackle, golf clubs, tennis racquets, outboard motors, tents and camping equipment, dogs and other animals entered for hunting or as pets, 50 cigars and 100 cigarettes in open packages, and cameras previously used by the tourist and imported for personal use. See "Fire Arms" regulations on another page of this map.

A Permanent Resident of the United States returning from abroad may bring in free of duty, but not for resale or on commission for others, articles for personal or household use, souvenirs, curios, up to but not exceeding $100 in value. This applies to each member of a family and this exemption will not be repeated until a period of 30 days has elapsed.
